Fund raisers reach high expectations

Over 38 booths attracted a less than expected crowd to the third annual music carnival sponsored by Music Accents.

The "Roaring Twenties" served as the theme for this year's carnival held April 7. Music students, under the direction of vocal instructor Miss Terre McPheeters, presented a variety show evolving around the theme.

Band director Mr. Mark Mitchell reported an earned profit of $3,160.36. A large sum of money was used in purchasing more varied prizes of higher quality for the game booths.

Approximately 500 students and participants from both SHS and the Savannah Junior High helped make the third annual Muscular Dystrophy volleyball marathon a success.

A total of about $1,500 was earned by players. Each participant was sponsored for various amounts of money for each hour played.

The marathon, which lasted 24 hours straight, was held April 20 and 21 from 8 p.m. to 8 p.m. at SHS. The Junior High also sponsored the event on April 21 from 8 a.m. to 8 p.m.

Cascades of stars and silver tresses illuminated the Junior-Senior prom as the "Stairway to Heaven" theme enveloped the Eagle's Lodge Friday evening, May 4.

"Roger's Heritage" provided the music for the three-hour dance.

Angels floated throughout the guests, clad in sheet-like visions of robes and golden, tinseled halos. Various tasks, such as supplying punch and mints, were assigned to the sophomores as chosen servers.

Centerpieces of blue carnations and red sweetheart roses suspended in baby's breath adorned each table. The sweetheart rose and carnation are recognized as the 1980 class flowers.

Students seek a new beginning

5

Five months before graduation Ms. Rita Channon, anchorperson of the WDAF channel 4 evening news, was contacted by Principal R.C. Ramsey and asked to be commencement speaker. An informal agreement was cited. April 10, Ms. Channon notified Mr. Ramsey and canceled her appearance. Her reason, she was to be out of town.

Dr. Gilbert Kelley was then chosen as commencement speaker for his 30 years of dedication and loyal service to the Savannah R-3 School District.

On May 20, 187 seniors, after 12 years of schooling, took part in graduation ceremonies. As they walked out of the auditorium the Class of 1979 marched with pride while their memories flashed by with each tear that they shed.

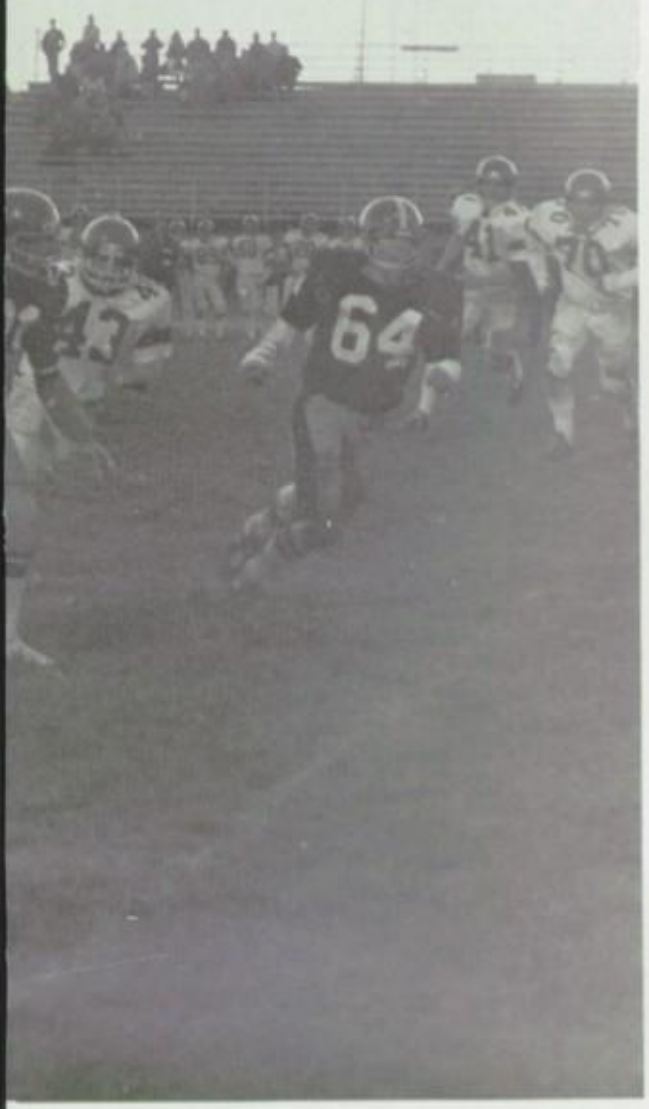
Determination builds



Despite the freshman team's record of 1-3, the squad showed improvement throughout the year. Injuries hampered the season, but Coach Bill Meyers said that the team was competitive in all games.

Coach Rob Pickard cited the Sophomore class as playing well against upperclassmen from other schools. Even though the team lost against Benton, it was its best game because the offense came back well. Most consistent players were Jeff Bauman on the line and Doug Davis as a ball carrier.

Homecoming was cited as the varsity boys' best game by Coach Bill Meyers. The team came from 18 points behind to win.

The squad was hindered by injuries and illness. This contributed to the losses of four close games that, if were won, would have given the team a .500 record, according to the coach.

Coach Meyers also stated that the team, consisting of six seniors, five juniors, and one sophomore, were a great team to work with.

"The Pride of the Northwest Missouri" is a phrase used often in describing the Savannah High School Marching Band. One hundred sixty-one strong, attended several parades and games. A first place trophy was brought home from the NWMSU Homecoming parade. A third place trophy was won at Missouri Western Homecoming. Mr. Mark Mitchell, band director, felt Missouri Western was the best parade because of the good quality of marching performed. Mr. Mitchell also felt that halftime shows are the most important part of the marching band. Each band student is required to take second hour, third hour, or both band classes. On the average, a student will practice between 12 and 15 hours a week. The "Light Spectacular" is a favorite of everyone. This show requires each student in band to buy two flashlights and fasten them to their legs with furnace tape. Marching band is very supportive of sports. The band attended every home game, performed in halftime show, and attended most away games.

As the curtains close, another dramatic year has passed at SHS, leaving behind remnants of the 1978-79 school year.

The lockers are empty with only edited memories left scattered about.

The battered scripts have all been put back in their places, only to wait for more action next year.

The echoes of chaos have vanished from the corridors of confusion.

The sets have been deserted by the many different characters.

The show is over; most performers will return again, but some must now seek a new beginning.

You are a gal with a lot of possibilities so don't sell yourself short. Enjoy being young as only the young can and don't place limitations on your friendships. We all have to make decisions that we are never sure are right but that's part of life. Only <u>time</u> can give you an answer to the correctness of decisions you make. Be young, think young and stay you as long as you can. These are the best times of your life — so enjoy. Always remember I am a friend you can come to. I may not always have the answer for you but at least I can share your thoughts.

always,

Linda Oldenburger

Deb
20 years from now when you read this, when you're married and have eight kids, you'll probably wonder who the hell was John Hall. I'll tell your husband, he was that big-city boy who sold insurance to my parents, played volleyball on numerous occasions with the family, took a trip to Big Lake with the parents, hit my kid brother fly balls into the pasture, and liked cherry Kool-Aid. Also he's the guy I had a crush on once upon a time. Oops! better not tell your husband that. It was a fun summer, I'm really glad I got to meet your whole family. They've been awfully good to me and always made me feel welcome. Most of all I'm glad I got to meet Mama & Pa Smith's second oldest daughter. Deb, you're a real sweetheart and will be a great catch someday for a lucky boy from Savannah, or St. Joseph, or wherever? Too bad I was born so early in the 20th century I guess. But then I guess there are always dreams and things to think about that could have been. It's healthy for the mind. After all, that's what life is all about I guess, having dreams to strive for and think about. Who knows, maybe 20 years from now, we'll meet in a bar in Kansas City and we'll both still be single. Fat chance huh! If not we can always look back on the summer of '78 in Savannah, Mo. with fond memories. Have a great senior year and remember me when I move off to work somewhere else. I'll always remember Savannah as the best town I worked in and a great foster family at 906 W. Nelson.
Hope you always get what you want in life.

Always!
Love
John

Debbie,

We had a lot of good times this past year and I hope we have a lot more. We've went through a lot together, but mostly we've helped each other through heartbreaks due to our loved ones. You've been a very good friend to have around when I lost the one I loved, and an even better friend to share the joy with when I found someone better. We had loads of fun over in Kansas when we both were free. How about some of the good times at East Hills Parking Lot? We had some even better times at your house with your family. There are many more good times for us, but we have to find the time to have them. However, the time will come when neither one of us expect it. I guess that's what makes it fun. I want to tell you, though, to be careful in [redacted] Cars, crazy in Kansas, and aware of dead men in cars. They can be friendly, dangerous, or in our case drunk! Hope to have some more good times with you in the future. I hope you meet the man of your dreams that can make you happy for the rest of your life. (I've met mine!)(L.C.)

Good Luck in everything you do.

Hope we have some fun being seniors in gymnastics and all our other classes.

Senior Power to you!

Good Luck!

Love ya,

Dana
